COMBINING...

ANCIENT WELLNESS, MODERN RESEARCH AND OLD-FASHIONED COMFORT

Over 2,000 years ago, the Aztecs combined roasted cacao beans with vanilla, cinnamon, and spices to create the first ever “hot chocolate”; a luxurious drink enjoyed by the emperors that provided them with revitalizing effects. Modern science has since validated the nutrient density of these cacao beans, revealing their antioxidant-rich profile, helping to support a healthy immune system, energize the mind & body, and much more!†

Youngevity's **BEYOND HOT CHOCOLATE™** is made from the same South American, organic cacao beans once enjoyed by the ancient Aztecs. Beyond Hot Chocolate™ goes even further by adding Reishi Mushroom Extract, one of the most health-enhancing herbs used by Chinese wellness practitioners for over 4,000 years!
