### THE WORLD'S FAVORITE FOOD MADE EVEN BETTER.

Who doesn't love luscious and velvety dark chocolate? But did you know the world's favorite food is also one of the most healthful? In fact, dark chocolate boasts one of the highest known concentrations of flavonoids, a powerful class of antioxidants known to promote a wide range of health benefits, including heart health, immune function, and others.†

With **CocoGeivity Plus™**, we've made dark chocolate even better — by adding exotic fruits such as mangosteen, goji/wolfberry, açai berry, red sour cherry and cupuacu; and herbs such as piper nigrum and momordica charantia — to bring you a delicious, healthful treat.†
